FOR IMMEDIATE RELEASE

**American Aluminum Extrusion Intends to Expand to Roscoe, Illinois
Manufacturing Plant; Will Create 130 Manufacturing Jobs; Fits Regional
Goal of Targeted Metals Industry**

February 16, 2011, ROSCOE, ILLINOIS – American Aluminum Extrusion (AAE) announced that it intends to open a manufacturing facility in Roscoe, Illinois by the end of 2011, creating 130 manufacturing jobs by the end of 2013. The company will occupy the 276,000 square foot plant at 5253 McCurry Road vacated by Warner Electric more than 10 years ago.

The announcement was made by AAE President Sam Popa and Village of Roscoe Mayor David Krienke.

AAE President Sam Popa said, "We are investing \$7.5 million into this facility and will create 130 new manufacturing jobs for this region in three years.

- MORE -

American Aluminum's decision to expand our business to Roscoe, Illinois was based on the availability of the real estate that would fit our immediate needs and the support and cooperation from the Village of Roscoe, State of Illinois and the seller, Dana Corporation. We appreciate all the hard work that all parties have put into this project over the last 15 months to make this possible and we look forward to growing our business here in the community."

Village of Roscoe Mayor David Krienke added, "We welcome American Aluminum Extrusion to Illinois. We are extremely pleased that the former Warner Electric plant fits their needs and we know that they will be great for our entire region." January 27, 2011, ROSCOE, ILLINOIS – American Aluminum Extrusion (AAE) announced that it intends to open a manufacturing facility in Roscoe, Illinois by the end of 2011, creating 130 manufacturing jobs by the end of 2013. The company will occupy the 276,000 square foot plant at 5253 McCurry Road vacated by Warner Electric more than 10 years ago.

ABOUT AMERICAN ALUMINUM EXTRUSION

AAE manufactures custom aluminum extrusions for the transportation, consumer, building and construction markets in the Midwest. It has facilities in Beloit, Wisconsin and Canton, Ohio. Its combined workforce is 190 employees and annual sales are \$85 million.
